To Whom It May Concern,

Testimonial for Dr. Ho Lee Hoon

With great pleasure and respect, I write this testimonial for Ts. Dr. Ho Lee Hoon, a committed academic and research collaborator in the field of food science and technology with whom I have had the privilege of working for over a decade.

Dr. Ho is a highly professional and passionate researcher, renowned for her unwavering commitment to advancing knowledge in the field of food product development and the efficient utilisation of local raw materials. Her scholarly work consistently demonstrates scientific rigour, creativity, and practical relevance. She maintains a prominent position within the academic community through impactful research, active publication in peer-reviewed journals, and contributions to book chapters.

Dr. Ho's professional integrity, systematic research methodology, and interdisciplinary collaboration demonstrate her esteemed position as an academic. As a senior lecturer, she instills the same level of commitment in her students, fostering their development through meticulous instruction, mentorship, and participation in research endeavours. Her ability to effectively manage teaching, research, and administrative duties is highly commendable.

Dr. Ho embodies the essence of a passionate and impactful academic. I am certain that she will continue to make a significant contribution to her institution (Faculty of Bioresources and Food Industry, Universiti Sultan Zainul Abidin) and the broader scientific community.

Should you require further information, please feel free to contact me.

Yours faithfully,

(Dr. Tan Thuan Chew)

Associate Professor
Food Technology Division
School of Industrial Technology
Universiti Sains Malaysia
