

TO WHOM IT MAY CONCERN

**TESTIMONIAL FOR DR. HO LEE HOON**

Dr Ho Lee Hoon joined Universiti Sultan Zainal Abidin as academician since year 2014. As the Head, School of Food Industry, I found the following qualities in Dr. Ho:

1. Dr. Ho is the subject matter expert in Food Processing and Food Product Development, with specialized in bakery products technology. Based on the students' feedback on the teaching and learning experience in her class was very positive with average score above 90% every semester. Some of the students commented they are very interested in the course taught by her.
2. Besides employing conventional teaching approach, Dr. Ho is an innovative and creative lecturer in delivery her subject in Malaysian Traditional Food (FSD36102) under High Impact Educational Practices (HIEPs) curriculum, industry involvement in student assessment. She taught student to be creative in developing idea and hence many useful food products have been developed during the class.
3. Dr. Ho also shown commendable supervision qualities to the postgraduate as well as undergraduate students. Based on the survey conducted, the students commented that Dr. Ho is a supportive supervisor who always encourages and helps the students to achieve the desired outcomes from their research.

Overall, Dr. Ho has a wide knowledge in her subject matter and capable of smooth deliberation of complex matters in a simple way to the students and also capable of conducting and supervising research. Please free to contact the undersigned should you required further information.

Thank you.
